Rick Pentecost

It is wonderful to see this man recognized. He has stood his ground and accomplished so much for his Teachers, Students and the citizens of Cobb County. He took over Cobb County Schools in the wake of a disaster and has since led with integrity. While simultaneously sending a strong moral message about the things that matter to the citizens of Cobb County. Thank you sir and congratulations!

[4:48 PM] Nan Kiel

Jeff H. on Facebook: This award is for the recognition of the Cobb County Schools and our system's physical education teachers and paraprofessionals that do so much to help raise funds for the American Heart Association through the former annual "Jump Rope for Heart" event. It is now called the "Kids Heart Challenge".

Superintendent Ragsdale has always been a huge proponent of the American Heart Association and their activities to raise awareness of heart health in our schools!

Posting here to get my pettiness out.

I so want to respond "the Superintendent agrees. And in his words...."

"However, it cannot go without saying that this award would not be possible without the remarkable efforts of our incredible team of students, teachers, staff members, and parents," said Superintendent Ragsdale. "They came together in an amazing way to support the work of an organization that is dedicated to saving and improving the lives of so many throughout our communities, our states, and our nation. Thank you on behalf of the entire Cobb County School District for this recognition; we are all honored to be a small part of the amazing work that the American Heart Association is doing."

So

“The superintendent credits our one team as the true recipients of the award.”

Insert his quote.
